Funeral of Mrs. Benjamin Young Sale of Shepard Farm C. E. Society to Support Ward in Idia.

Support Ward in idia.

Mrz. Elliza R. Young died Tuesday at the home of her son. Asahel Young, lacking two days of 33 years of age. She was the wife of Benjamin Young, who died in 1857. Of eight children, four survive, with twelve grandchildren. For forty years she lived at the Young homestead near Bailey pond. Her son, Henry Young, lives at Hope Valley, and her son, Grayson Young, lives in Canterbury. For many years she was a consistent member of the Baptist church of Exeter, R. I. The funeral was held in the Plains meeting house, R. I., and burial was in the cemetery nearby, on Friday afternoon. Rev. H. M. Kellogg of the Line meeting house officiated.

Samuel Paimer has sold the Shepard farm to a purchaser from New York city, who takes possession immediately. Mr. Rundall, who has occupied the place, has moved to the farm of the late Deacon John R. Gallup.

Carl Gallup of Lyme is at his father's, Fairview farm.

On Saturday night a large June box was deposited at the door of the home of Harry and Leon Sayles.

Miss Cynthia Phillips has been ill. Rev. O. G. Baleer of New Haven has been the guest of Mr. Kellogg at the parsonage.

About a dozen couples of the parish partook of a strawberry supper on the lawn at the home of Rev. S. B. Carter in Plainfield, their former popular pastor.

A PAINLESSPROCESS An impression has gone forth that there is some surgical operation connected with this method of restoring missing teeth. Some people have written in to know if we bore down into the bone and put the

Others have an idea we set the new teeth into the sockets where the natural teeth were originally. It is quite natural that some unthinking people would ask such ques-

tions, and in order that they may be fully answered we will state that there is no boring, no cutting, no implantation about this method, nothing about the work that is painful while it is being done or afterward. Patients leave the office with these teeth in place and at once begin chewing meat, eating candy, toast, or anything else with the same com-fort they would enjoy if every tooth in their head had grown there. If we couldn't promise this and make good on the promise, the Re-

storation Method would not be a success. It would be no better than ordinary bridgework or partial plates. WE ARE GENERAL PRACTITIONERS

All Forms of Dentistry Treated by Experts While the Restoration Method is our great specialty we are general dental practitioners as well. From the simplest filling to the most intricate piece of porcelain work, our experts are at the service of the

done in a one-man office, for the operators employed here are all men of the very highest skill. They need to be to do the Restoration work. Bunglers would not be tolerated in our office for a day neither would dental students. We demand the finished craftsman, both at the oper-ating chair and in the laboratory.
